Item Number: SH-055DV

High Frequency RF detector

Images:

Product Features:

• Detect frequencies up to 6Ghz
• Detects Bluetooth, WLAN, Wi-Fi, cell phone and Digital Spread Spectrum wireless products
• Easy to set up and use

Product Specs:

• Digital/analog switch for signal strength
• 3 LED indicators to determine signal strength
• Signal strength audible alarm
• Vibration warning mode
• Silent alarm monitoring using earphones
• Sensitivity tuner
• 3V DC power (uses 2 AAA batteries, included)
- 50 MHz to 6.0 GHz
- **Wireless Camera Detection Range:**
  - 5.8 GHz from approximately 2 feet
  - 2.4 GHz from approximately 5 feet
- **Cellular Phone Detection Range:**
  - Analog signals from approximately 20 feet
  - Digital signals from approximately 40 feet

---

**Product Includes:**

- Earpeice
- Pocket clip
