

Illustra 400 Series IP Cameras Mini-Dome Mounts

Features That Make a Difference:

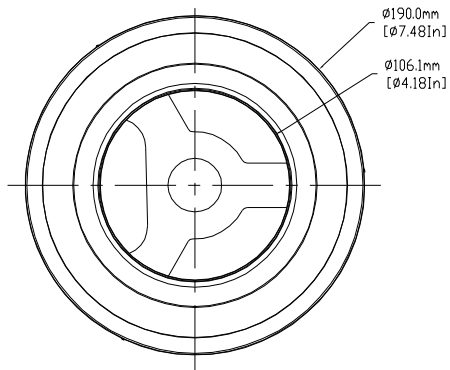

- Faster installation with alignment pins on all mounts
- Durable and lightweight
- Black, silver or white
- Color-complementing screw covers
- Attractive styling

The Illustra 400 Series IP Mini-Domes support flexible mounting options that meet the most challenging installations. The new pin alignment system guides the mount into perfect alignment with the camera for a “no-look” mounting experience. When the pins line up, the installer simply turns the screws and the installation is complete.

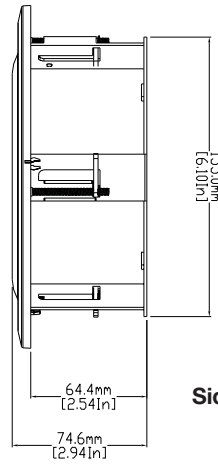

The mounts are available in black, silver and white, allowing for a more uniform and appealing design that complements a variety of facilities.

The Illustra 400 Mini-Domes may be mounted using any of these options:

- Flush mount
- Pendant cap mount
- Hard surface mount
- Electrical box adapter mount
- Wall mount
