

## Installation Instructions

### 1.0 Description

The D8103 Enclosure houses many Bosch Security Systems control panels and peripheral modules. It is compatible with an enclosure tamper switch and can hold up to two batteries. Use the D8103 for residential fire and burglary installations and commercial burglary applications that do not require attack resistance or approval by Factory Mutual (FM) or the New York City-Material Engineering Association (NYC-MEA).

### 2.0 Installation

Refer to *Figure 1* for enclosure details and mounting locations.
