

## H-W22

**A brilliant 22" widescreen display for home and office environments that require multimedia performance at an affordable price.**

Featuring an impressive 22" widescreen and built-in HDCP for HD-format video, the H-W22 is designed expressly for video, gaming, and other multimedia applications. The super-resolution 1680 x 1050 panel and swift response time make for flawless video playback. Capable of displaying two full-sized open windows at the same time, the convenient widescreen format allows for increased productivity. The slim H-W22 is an ideal multimedia solution for cost-conscious home and office environments.

- > 22" widescreen format
