

Xtender Pole™

- Work from the floor
- Speed Installation
- Improve Safety
- Save money

PLATINUM TOOLS®

Xtender Pole™

The professional contractors and low-voltage cable installers tool for easier overhead installations. Working from the floor provides a safer way to reach areas that previously were dangerous or inaccessible by ladders, scaffolding, and scissor lifts.... including vaulted ceilings, over stairwells, and through ceiling grid. This multi-purpose telescoping pole has interchangeable heads for installing J-Hooks, eye lag screws, ceiling wire, jack chain and threaded rod *from the work floor*.

Features

- Install hanging hardware from work floor, improves safety and efficiency
- All-In-One adapter system for threaded rod, eye lag screws, wire & jack chain
- Install multiple fastener types to a variety of ceiling structures — Elco®, Hanger Mate®, Buildex Sammy Super Screws®, Powers Vertigo™
- Powered with any 3/8" or 1/2" drill
- Includes female hex adapter for 1/4" male driver and 5/8" hex adapter
- Video instructions for applications (Platinum website)
- Tips & Instruction Booklet
- Xtender Pole-12 (three 4' sections, ceilings up to 18')
- Xtender Pole-18 (three 6' sections ceilings up to 24')

Applications

- **Hang ceiling wire (12 or 9 gauge)**
Install up to 100 ceiling wires per hour.
- **Hang Threaded Rod**
3/8" or 1/4" rod up to 10 feet long.
- **Overhead Screw Installation**
Transforms into a very long screwdriver.
- **Hang Jack Chain**
Easily from the work floor.
- **Hang Wire & Clip Assemblies**
Eye lag screws, hangers, multi-purpose clips.

Technical Data

- Material: Aircraft quality aluminum
- Finish: Black anodized
