

9" TFT LCD Digital Quad View Color Monitor

RVS-97QUAD

REAR VIEW SAFETY

REVERSE WITH CONFIDENCE™

hgfnhj

This 9" monitor comes with a super sharp digital image and a quad view display to connect and view simultaneously up to four cameras. This monitor has an easy installation, a convenient operation and many innovative functions! The wide voltage input works with both 12V and 24V systems. The quad view display is a power supply for the camera. With a Touch screen available, this monitor can recognize down, left, and right side "swipe", as well as support a two-point touch to realize channel switching.

Monitor comes with both a U-Bracket and regular dash mount and a one year warranty.
